## Dr. Tran Nguyen Thy Binh

SUPERINTENDENT

# We've proven 2025-26 to be another successful year - congratulations.

Over the past 25 years, the high-quality American education program at APU American International School has achieved many great successes, creating opportunities and developing the skills needed for students to thrive in international learning environments that include some of the most prestigious universities around the world.

APU is one of the first American education systems within Vietnam.
With more than 25 years of establishment and development of American standard education in Vietnam, APU American International Schools and the American University in Vietnam AUV (members of APU Education Development Group) are constantly investing in developing facilities and building the most optimal learning programs. In particular, recently, APU Group has just inaugurated the multi-purpose gymnasium Eagle Arena, a beautiful highlight within the international standard education complex right in Da Nang

With a capacity of up to 5,000 seats, a spacious airy atmosphere that takes advantage of natural light, modern sports facilities and fully equipped changing rooms, Eagle Arena is one of the most modern and spacious gymnasiums, the perfect place for APU-ers to practice sports as well as a place to witness their growth.

Following increasing achievements in recent years such as being recognized and accredited by Cognia, an impressive number of valuable scholarships (more than 25 million USD for the Class of
2023), being a member of the World schools system.

International School of the Year 2021 by the SiliconIndia, the Most Trusted Boarding Schools in 2021 by the Knowledge Review, etc., the multipurpose gymnasium Eagle Arena once again reaffirmed the prestige of APU American International Schools and American University in Vietnam AUV, providing students with an international-quality education right here in Vietnam.

To meet student learning demands and address current economic challenges, APU American International School has opened a Bilingual Program beginning in the 2022-2023 academic year. The program combines Vietnamese and American education to create the most favorable learning conditions for students to develop their talents as well as absorb the knowledge and culture of Vietnam and the United States at a much lower cost than the international program. It is very gratifying to see that every year, there is unconditional acceptance of APU graduates receiving generous scholarships from top U.S., Canadian, Australian, Korean, and English universities. APU students have a world-wide reputation for their outstanding academic achievements in their universities, abroad. Approximately 85% of APU graduates have earned places on the Dean's List of their respective universities around the world. A majority of APU graduates, upon completing their undergraduate, or graduate studies, have been offered employment with large, multinational companies. This was based on their search results showing that APU's Alumni have outstanding academic records, have formed an impeccable character, along with a strong work ethic, which was instilled in them from their earliest school days at APU. APU's success is due to our dedicated teachers, parents, administrators, and staff, working together, in supporting our students. APU's enrollment is increasing, and we continue welcoming new students from many nations such as South Korea, the Philippines, Taiwan, Japan, the United States, and Australia. APU Elementary School students continue making excellent progress. We are also very proud of their accomplishments. Our students are the leaders of tomorrow, as professionals in the global economy. We are remaining loyal to our original academic mission of maintaining excellence in teaching and learning. In closing, please enjoy and cherish this yearbook as each page holds the special memories of the 2022-2023 school year.

# LEADERSHIP

Dr. Randy Lee Bell

SCHOOL PRINCIPAL

Every school year tells a story, and this year's story is one of growth, friendship, and community. As you turn these pages, I hope you see more than photographs, events, and accomplishments. I hope you see a year filled with discovery, creativity, and meaningful moments shared together. From our Halloween celebrations and Christmas activities to the Tet Festival, sports competitions, field trips, performances, and everyday classroom experiences, this yearbook captures the energy and spirit of life at APU.

A school year is made up of countless experiences, some large and memorable, others quiet and easily overlooked. A student gaining confidence to speak in class. A teacher encouraging a struggling learner. Friends laughing together between lessons. Teams practicing after school. Performances, projects, competitions, celebrations, and everyday acts of kindness. Together, these moments become the story of a school.

At APU, we are proud not only of our students' academic achievements, but also of the character, resilience, curiosity, and compassion they continue to develop each day. Our students are growing into thoughtful young people who will help shape the future in meaningful ways. To our parents and families, thank you for your partnership, trust, and support throughout the year. The success of our students is built upon the strong connection between school and home, and we are grateful to share that journey with you.To our students, I encourage you to look back on this year with pride. Celebrate your accomplishments, appreciate your friendships, learn from your challenges, and remember the experiences that helped shape who you are becoming. This yearbook captures only a small part of what made this school year special, but I hope it serves as a lasting reminder of the people, experiences, and memories that made it meaningful. Wishing all of our students and families a joyful summer and continued success in the years ahead.

# LEADERSHIP

Ms. Deborah Lucille Radel

SCHOOL VICE PRINCIPAL

To our incredible students, dedicated parents, and the entire APU community:

Welcome to the definitive record of the 2026 academic year. A school year is more than a calendar of dates or a collection of classes; it is a living blueprint built by the passion, energy, and commitment of every individual who walks through our doors. This yearbook is a tribute to the legacy we have constructed together over the past ten months.To our students, you have filled these campus walls with dynamic energy and purpose. This year, we watched you push the boundaries of your own potential. We saw your intellectual curiosity on full display during the rigorous breakthroughs at the Science Fair, and we witnessed your profound personal expression and mastery lining the galleries of our Art Fair. You showed us your courage and vibrant spirit on stage during the unforgettable APU's Got Talent showcase, and you brought absolute grit, team work, and school pride to the fields for Sports Day.

Our seasonal celebrations brought us together in remarkable ways, from the creative community spirit at our Fall Festival to the rich traditions and cultural pride of our beautiful Tết celebrations. You proved your incredible capacity for leadership and empathy through the impact of the Student Council Charity Event, proving that APU students are true global citizens. And, of course, you brought your unique sense of fun and imagination to campus with the unforgettable creativity of "One Day Without a Backpack" and the cozy school spirit of Halloween haunted House and Pajama Day.

# LEADERSHIP

To our parents, thank you for your unwavering trust and partnership. You are the structural backbone of our success. Every early morning, every late-night study session, and every round of applause from the audience was backed by your support. You share equally in every triumph recorded in these pages.

Finally, to our Graduating Senior Class of 2026:

You stand at the pinnacle of your APU career. This year, you weren't just students; you were the leaders and architects of our school culture. From navigating high-stakes academic thresholds to creating lifelong memories together, you have left an indelible mark on our campus. As you prepare for graduation and take your next steps toward global universities, remember the resilience and rigor you cultivated right here. You are ready for the world, and you leave behind a legacy that will inspire the classes that follow. As you turn these pages, may you look back on 2026 not just with nostalgia, but with a profound sense of pride in what we built, what we overcame, and who we became.

Warmest regards,
